

Guide

STEPS:

Note: If your games are compressed as ZIP/RARe files, attempt to decompress them. Before you run, please establish separate directories for each gaming system using the gba name.

1. Visit the website and click “Download”
2. Once the download is complete ,the game will be saved in Download. Then extract and rename (optional) the game folder.
3. Return to our app. At Home screen, press “+” to add games, then enjoy it.
